

PRODUCT INFORMATION

- SKU: P-EA13010
- P-EA13011
- P-EA300
- P-EA400

FEATURES:

- One-piece spun Aluminum flat deck drain featuring a 14" flange
- Constructed with a 1.6mm thickness for both the stem and deck
- Spot-welded Aluminum drainage collar secured with 2 screws to fasten the strainer
- Complete with a TPO drain dome and 2 screws for easy installation
- 12" drain stem length for versatile application

APPLICATION:

Economy drains are designed for cost-effective drainage solutions in roofing applications. They facilitate the efficient removal of water from roofs, preventing pooling and potential water damage. Typically used in commercial or low-budget projects, economy drains are lightweight and easy to install, making them suitable for both new constructions and retrofitting existing systems. Their affordability does not compromise performance, as they still meet necessary drainage requirements, helping to maintain the longevity and integrity of the roofing system.

OVERALL DIMENSIONS
