ROOFING PRODUCTS**

STEP BY STEP QR REGISTRATION GUIDELINE OFF-SITE BY ADMIN

1. LOGIN

login here (staging URL for the time being):

<https://stg-qrcode.guardiansensor.com/Auth/Login>

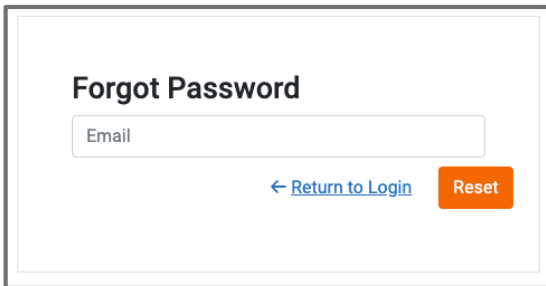

The screenshot shows a login form with the following elements:

- Login** header
- Email input field
- Password input field
- Remember Me checkbox
- Orange **Login** button
- [Forgot Password](#) link

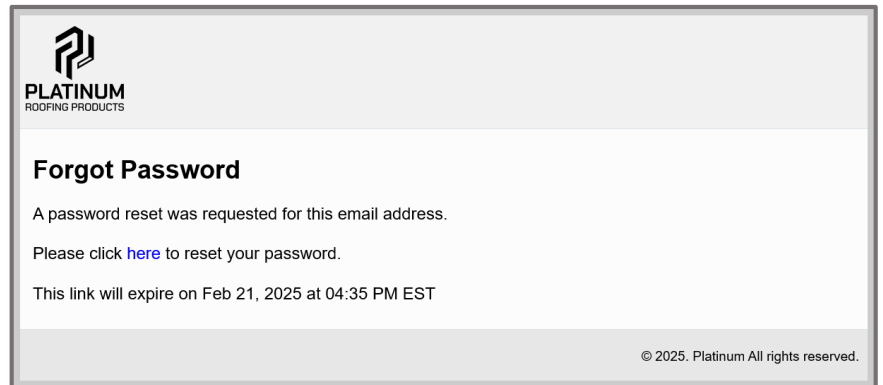

2. FORGOT PASSWORD?

Users who have forgotten their password have access to a standard password recovery system that sends a confirmation link to the user's email address to ensure they own the account. A link within the email (depicted below) sends the user back to the website to reset their password.

The screenshot shows a "Forgot Password" form with the following elements:

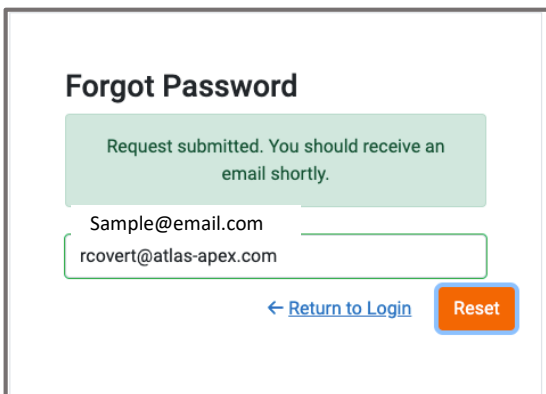

- Forgot Password** header
- Email input field
- [Return to Login](#) link
- Orange **Reset** button

The screenshot shows the content of a "Forgot Password" email with the following elements:

- PLATINUM ROOFING PRODUCTS logo
- Forgot Password** header
- A password reset was requested for this email address.
- Please click [here](#) to reset your password.
- This link will expire on Feb 21, 2025 at 04:35 PM EST
- © 2025. Platinum All rights reserved.

Example of Forgot Password Email Content including the link that sends the user back to the website to reset their password.

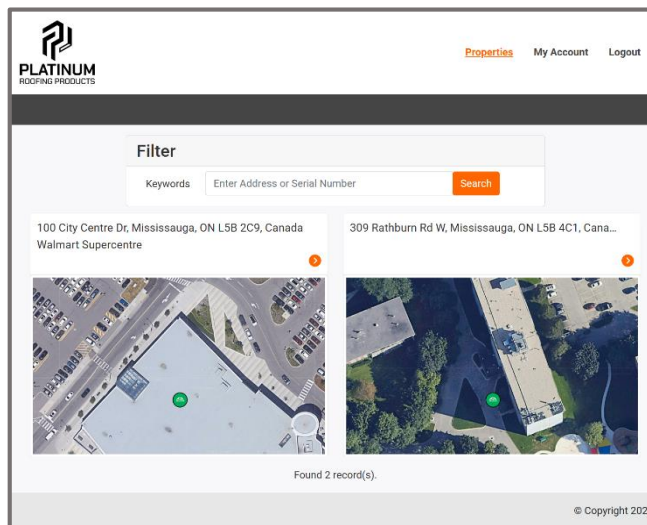

The screenshot shows a "Forgot Password" confirmation page with the following elements:

- Forgot Password** header
- Green box: Request submitted. You should receive an email shortly.
- Sample email addresses: Sample@email.com and rcover@atlas-apex.com
- [Return to Login](#) link
- Orange **Reset** button

3. PROPOERTY LISTING

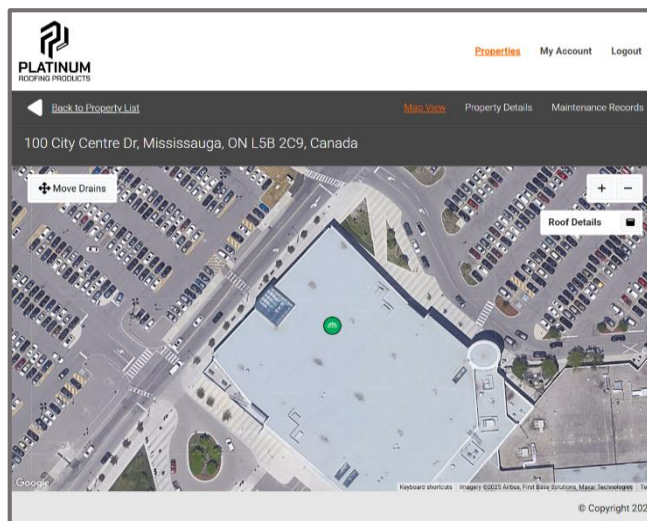

Once the user has successfully logged in, they are sent directly to the Properties listing page where the address and map thumbnail represent each property available for review. Clicking on any visible property takes the user to the property details sub-pages.

The property listing featuring a simple search criterion along with two example properties that are selectable.

4. PROPERTY MAP

From this screen, the administrator can update the position of the drains by selecting the "Move Drains" button and then dragging the drain to the desired location.

6. PROPERTY MAINTENANCE RECORDS

The administrator can access all maintenance records added by roofers with fully searchable text.

Clicking View on a Maintenance Record results in seeing the full details of the record which are not always visible from the listing page
