

QUICKSTOP POLYMER ABSORBANT

PRODUCT INFORMATION

SKU: P-PQS-11
P-PQS-6
P-PQS-700g

FEATURES:

- Biodegradable: Environmentally friendly and breaks down naturally
- Made from 100% recycled material, Safe and sustainable for eco-conscious use
- Non-flammable: Reduces fire hazards, ensuring safety in various applications
- Absorbs water and transforms it into gel, Efficient for handling spills and moisture control
- Effective on various liquids
- Absorbs up to 300 times its weight in water, Highly absorbent, ideal for large spills
- Easily picked up with a shovel: Simplifies cleanup and disposal
- When sprinkled on damp modified bitumen, it acts like a sponge, soaking up moisture from the granules
- Suitable for all types of roofing membranes
- Available in 700 g bottles, 6 kg, and 11 kg pails for various project sizes

APPLICATION:

Polymer absorbents are utilized in the roofing industry primarily for QUICK access to identify a repair and to complete the repair necessary immediately. This product is not for stopping leaks. Remove after completing the repair and dispose of properly.
