

UNDER DECK CLAMP

PRODUCT INFORMATION

FEATURES:

- Constructed from premium heavy-gauge Aluminum measuring 1" wide, 18" long, and 4.7mm thick for enhanced durability
- Specifically designed for compatibility with 3", 4", or 6" new construction drains
- Tested to withstand over 300 lb. pull force, ensuring reliable performance
- Each set includes 2 Allen key bolts and nuts for secure installation
- Packaged in sets of 5 per box, available for 3", 4", or 6" configurations

APPLICATION:

Under-deck clamps are essential for ensuring a secure and durable installation of roof drains, particularly in all installations except poured-in-place setups. Properly securing the roof drains with under-deck clamps is crucial; without them, the drains may shift due to snow and rain loads, as well as the natural expansion and contraction of materials. This movement can lead to flexing and eventual failure of the roofing membranes.

OVERALL DIMENSIONS

SKU	SIZE	DIM. "A" LENGTH	DIM. "B" WIDTH	DIM. "C" DIAMETER
PX-13012	3"	17.91"	6.28"	3"
PX-13013	4"	17.91"	5.82"	3.94"
PX-13014	6"	17.91"	4.88"	6"
